

IONIC CAR AIR PURIFIER AND TRIPLE USB CHARGER

Air Purifier · O₂ Active Molecular Oxygen · Inhibits Bacteria

Item #204295
User Guide

INTRODUCTION

Thank you for purchasing the Ionic Car Air Purifier and Triple USB Charger. This compact device cleans the air in your car while it powers and charges your mobile devices. Best of all, there are no filters to change or replace.

FEATURES

- Fills your car with refreshing negative ion naturally present in nature
- Eliminates smoke, odors, dust, pollen and toxic fumes from the air
- Generates 1.3 million negative ions per cubic centimeter without harmful ozone emissions
- Negatively charged ions increase oxygen flow to the brain
- Fresher air provides alertness and more mental energy
- Starts working the moment you plug it in
- Plugs into any cigarette lighter or 12V outlet
- 3 Fast Charging USB ports with smart detection
- Smart charging technology will automatically detect which device needs more charge and will charge that device faster
- Blue LED power indicator light lets you know the device is on and working
