

## Instructions for Models VM12500/VM12500T

### Attachment / Usage

**Pet Hair Turbo Brush MVC-200D** (not included in all models) – The Turbo Brush dislodges pet hair, debris from upholstery, stairs, auto interiors, etc.

**Dusting Brush MVC-206B** – Great for blinds, drapes, collectables, etc.

**Crevice Tool MVC-188** – Perfect for vacuuming hard to reach areas, between car seats, etc.

**Extension Wand MVC-194** – Add for extended reach.

**Flexible Hose MVC-176A** – Use by itself or with extension wand.

**Pik-All Nozzle MVC-185A** – All surface cleaning, great for carpets, auto, dry spills, etc.

**Inflator Adapter MVC-211D-AS** – Use for pinpoint dusting, inflate inflatables.

**Shoulder Strap MVC-204A** – Attach through handle for hands free use.

**Paper Bag Replacement - DVP-26RP** – Pack of 5 reusable/disposable paper bags.

## **How to Use Vacuum/Blower**

Change the disposable bag – Remove all attachments. Twist off top. Replace paper bag. To put the top back on, make sure the bag is properly seated, align grooves and twist to lock.

Turn on and off – Push button.

To use as blower - Add attachment to the exhaust/blower end of the body.

### **WARNINGS**

***This is a dry vacuum only, do not vacuum liquid or wet spills.***

***Vacuuming with a full bag will cause the vacuum to lose suction or not function properly.***

***Using the smaller opening attachments for an extended period puts strain on the motor and may cause the body to become hot. If this happens, turn off machine, let cool and switch to another attachment.***
