Fohm Co
The new wiping standard.

A clean pooper on Autopilot.

Keep your shopping list light
with automatic refills every 3 months.

Scan with your phone,

or visit: fohm.co/subscribe

How to use Fohm

1. Charge it up.

A single charge lasts for months.

3. Turn on and a pick setting.

Hold the power button for 3 seconds to turn it on / off. Press it quickly to switch between small or larger amounts of foam.

2. Pour in the cleanser.

One 8 oz bottle replaces over a pound of wet wipe waste. Your conscience will feel as clean as your cheeks.

4. Brag about your clean bum.

Your friends are still using dry toilet paper? Yikes.

Pro Tips

From our pooping panelists.

①

"Apply a little Fohm before you go. It makes everything else even easier."

②

"Add in some Fohm when you're about 80% done with wiping."

③

"Use your toilet paper to gently apply Fohm, then the next few wipes to get to a sparkling clean finish."
