SHARPER IMAGE®

EASY TO READ DIGITAL CLOCK BY SHARPER IMAGE
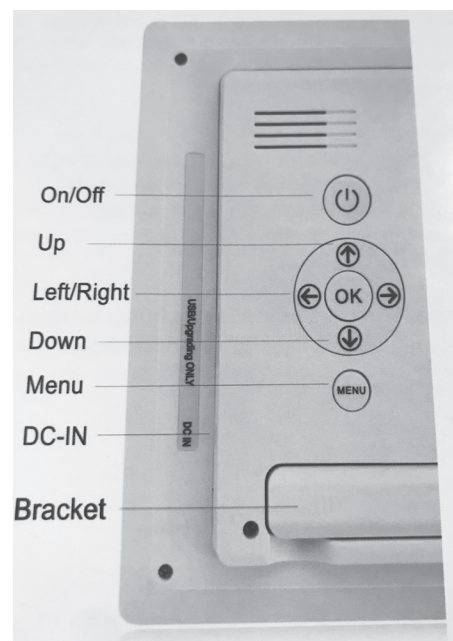

Item No. 207279

User Guide

Thank you for purchasing the Easy To Read Digital Clock By Sharper Image. Please take a moment to read this guide and store it for future reference.

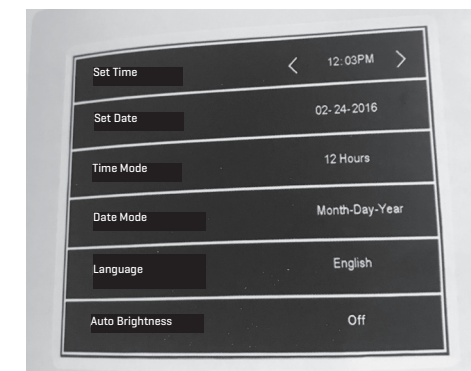

FEATURES
- Twelve alarm settings
- 8" LED screen
- Auto dim options

HOW TO SET THE EASY TO READ DIGITAL CLOCK UP
- Remove the clock and AC adapter from the packaging
- Peel the screen protector off the display screen
- Plug the input connector of the AC adapter into the DC-in hole on the back of the device
- Plug the clock into an outlet and press the ON/OFF switch or wait 5 seconds and the clock will automatically turn on
- The clock can be used on a desk (includes an adjustable bracket or wall mount)
- **NOTE:** *The clock is pre-set to Eastern Time. It has a small internal battery that maintains time, even when the clock is unplugged or during a power outage. If you receive the clock in another time zone (Pacific, Mountain or Central) you will have to adjust the time by using these instructions.*

HOW TO SET THE TIME

- Press the **MENU** button to access the settings page. Press the **UP/DOWN** button to access the 1st line labeled Set Time
- Press **OK** and then the **RIGHT/LEFT** button to select the field to be modified
- When the field is underlined with red, use the **UP/DOWN** button to adjust the number
- After the changes are completed, press the **OK** button to save the settings
- Press the **MENU** button to go back to the main display or press the **UP/DOWN** button to access other settings

HOW TO SET THE DATE
- Press the **MENU** button to access the settings page. Press the **DOWN** button to access the 2nd line labeled Set Date
- Press **OK** and then the **RIGHT/LEFT** button to underline the field to be modified
- When the field is underlined with red, use the **UP/DOWN** button to adjust the number
- After the changes are complete, press the **OK** button to save the settings
- Press the **MENU** button to go back to the main display or press the **UP/DOWN** button to access other settings

HOW TO USE TIME MODE
- Press the **MENU** button to access the settings page
- Press the **DOWN** button to access the 3rd line labeled Time Mode
- Press the **RIGHT/LEFT** button to switch between 12 hours (A.M./P.M.) or 24 Hours (Military Time)
- Press the **MENU** button to go back to the main display or press the **UP/DOWN** button to access other settings

HOW TO USE DATE MODE

· Press the MENU button to access the setting page
· Press the DOWN button to access the 4th line labeled Date Mode
· Press the RIGHT/LEFT button to switch between:
· Month-Day-Year (Standard U.S. Mode) and Day-Month-Year (Standard European Mode)
· Press the MENU button to go back to the main display or press the UP/DOWN button to access other settings
· NOTE: *The clock doesn't change the time automatically for daylight savings time and needs to be adjusted manually.*

HOW TO SELECT LANGUAGES

· Press the MENU button to access the setting page
