## **4X6 SMARTPHONE PHOTO PRINTER**

Item No. 207579

User Guide

Thank you for purchasing the Sharper Image 4x6 Smartphone Photo Printer. Please take a moment to read this guide and store it for future reference.

## SAFETY PRECAUTIONS

- Use only recommended power sources.
- Do not attempt to disassemble, alter, or apply heat to the product.
- Avoid dropping or subjecting the product to severe impacts.
- Do not touch the interior of the product if it has been dropped or otherwise damaged.
- Do not use, place, or store the product in the following: Places with direct sunlight, places with a temperature higher than 40 ° C (104°F), places with high humidity or dust, and places with strong vibrations.
- Stop using the product immediately if it emits smoke, a strange smell, or otherwise behaves abnormally.
- Do not use organic solvents such as alcohol, benzene, or thinner to clean the product.
- Do not let the product come into contact with water or other liquids.
- Do not allow liquids or foreign objects to enter the product.
- Do not handle the power cord with wet hands.
- Keep out of reach of children.
- Keep the printer in a safe area to avoid people tripping over the power cord.
- Please stay at least 7.9 inches away from the printer when in use.
- Unplug the power cord when the product is not in use.
- Unplug the power cord periodically, and using a dry cloth, wipe away any dust or dirt that has collected on the plug, the exterior of the power outlet, and the surrounding area.
- Do not stick your hand or objects into the printer interior.
- Do not place heavy objects on top of the product.

- Do not touch the paper while it is printing.
- Do not pull out the paper while it is printing.
- Do not place anything on top of the printer while it is in use.
- Use the latest app for optimal results. You may download the latest app through Google Play or Apple App Store.
- Never reuse paper. Reusing paper may cause paper jams or cause the ink sheet to adhere to the paper causing printer damage.
- Do not reuse ink cartridges.
- Do not unplug the printer while it is printing.

## IDENTIFICATION OF PARTS

## INSTALLING PHOTO PRINTER DECK

Choose the right place to put the 4x6 Smartphone Photo Printer. Place the printer on a table or other flat, stable surface. Do not place the printer on an unstable or tilted surface.

- Leave a minimum of 5 cm [2 in.] of open space around the printer.
- Leave a minimum of 20 cm [8 in.] in front of the printer.
- Make sure the power cord is not interfering with the area where the paper comes in and out.
- Avoid using the printer in dusty areas. It may damage the printer or cause a malfunction.

## INSERTING CARTRIDGE

1. Open the cartridge cover.

2. Insert the cartridge using the arrow specified until you hear a clicking sound.

3. Press down and pull out the lever to replace used cartridges.

- When inserting the cartridge, do not touch the ink sheet with your hands.
- Do not reuse used cartridges. This could result in a product malfunction.

## INSERTING PAPER CASSETTE

1. Open the cassette cover.

2. Insert paper facing shiny side up. You can insert up to 20 sheets. Inserting over 21 sheets may cause a malfunction. Avoid touching the coated paper with your hands as it may affect the photo quality.

3. Open the printer's cassette cover.

4. Insert the cassette until it clicks into place.

### 1. iPhone, iPad and iPod
