

MINI MASSAGE GUN

Item No. 207658

User Guide

Thank you for purchasing the Mini Massage Gun. Please take a moment to read this guide and store it for future reference.

INTRODUCTION

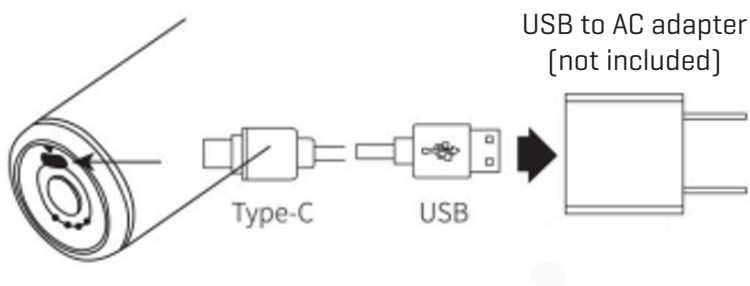

The Mini Massage Gun relaxes muscles and promotes circulation with 4 speeds of percussion massage, plus 4 interchangeable heads.

FEATURES

- Professional style deep tissue massage
- Cordless, lightweight and portable
- 4 massage speeds 1400/2000/2600/3200 RPM
- Operates up to 5 hours on a full charge

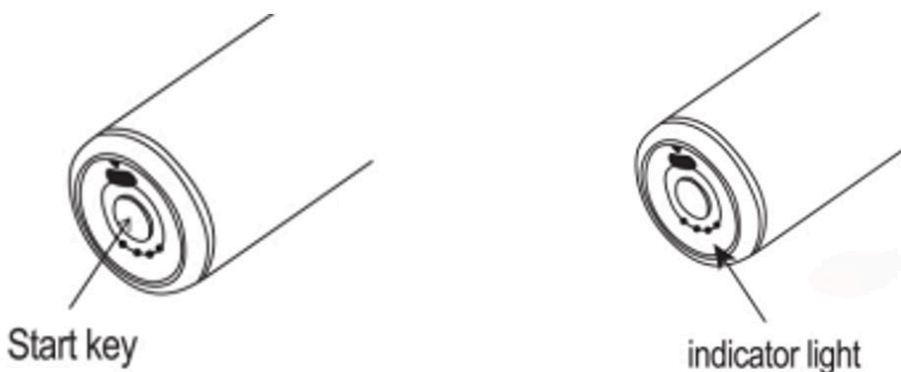

CHARGING THE DEVICE

- Use only the charging cable that came with this device.
- Charge fully before first use.
- Charge time is usually 3-4 hours [maximum 5-6 hours].
- Plug one end of the cable into the USB-C port on the device. Plug the other end into a USB power source. **NOTE:** You may also plug this cable into an AC outlet [USB to AC adapter not included].
- When the device is charging, the LED shows RED. When it is fully charged, the LED shows GREEN. **NOTE:** Do not use this device while it is charging.

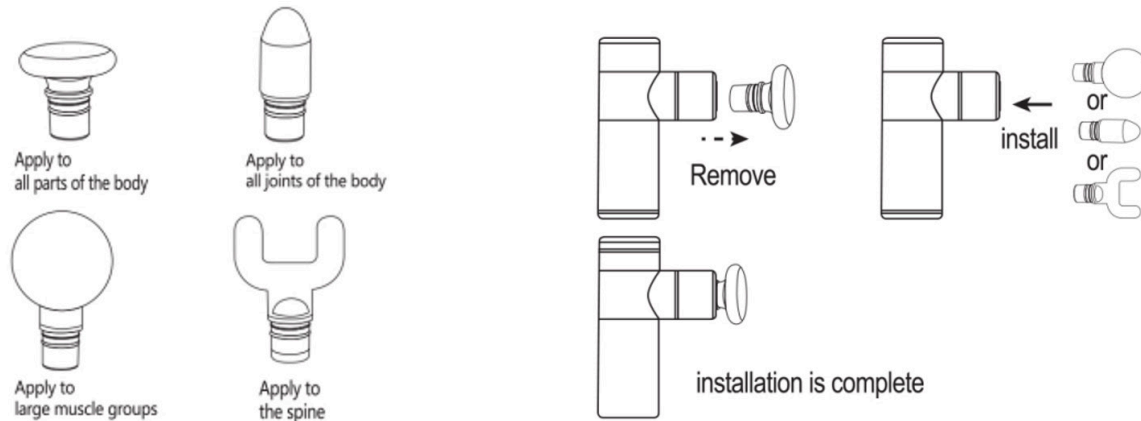

OPERATING THE DEVICE

- To turn the device ON, press and hold the start key for 3 seconds.
- Press the start key again to increase the massage speed. **NOTE:** There are 4 speed settings. The LED indicator lights correspond with the speed level selected. For example: 1 light=low speed, 2 lights=medium speed, 3 lights=high speed, 4 lights=maximum speed.
- Press and hold the start key for 3 seconds to turn the device OFF.

You can change the massage heads to tailor your massage experience. Here are the suggested uses for the included massage heads:
