BOX 

User manual

Zwitscherbox provides you with magic moments

The motion sensor **works best in bright light**. Use the wheel on the side of the device to **adjust the volume to your perfect level**. In most bathrooms the lowest volume level is sufficient. The included batteries last a year or longer. Please be aware that your **Zwitscherbox is not waterproof**. Now just go ahead and enjoy the sounds that have brought happiness to human beings for thousands of years!
