

# ICEMULE CLEAR

The ICEMULE Clear™ is the world's first transparent air-insulated Cooler.

ICEMULE® has developed the ultimate in clear cooler technology. This **first of its kind, air-insulated**, ultra-portable and reusable cooler was designed for sporting event venues, concert arenas and amphitheaters, and other locations which require clear bags for entry.

Air's ability to insulate from heat is about 25% as efficient as foam insulation. This means that the CLEAR will keep ice-cooled contents for about 25% as long as its ICEMULE siblings like the Classic or Pro. After extensive testing, we can guarantee that with proper filling and closure, you will get 5-7 hours of ice-cold beverages for all those times when only a clear bag will do.

The patented IM Air Valve® is the key to making this Clear™ cooler possible. Only ICEMULE® can bring you a completely transparent, fully-air-insulated cooler.

## FEATURES

100% Waterproof

Ultra-Tough Muleskin™ Exterior

Padded, airmesh shoulder straps

## PRODUCT DETAILS

9L

Fits 6 cans (12 oz), or 3 (750mL) bottles + ice

7" L x 7.5" W x 17" H

15L

Fits 12 cans (12oz), or 4 (750 mL) bottles + ice

9" L x 8.5" W x 17" H

## INSTRUCTIONS FOR OPTIMAL USE:

- 1 TURN THE AIR VALVE TO THE LEFT TO OPEN
- 2 ADD LAYER OF ICE INSIDE THE BOTTOM OF THE COOLER
- 3 ADD WHATEVER YOU NEED TO KEEP COLD (CANS, BOTTLES, FOOD...)
- 4 FILL 1/2 OF THE REST OF THE COOLER WITH ICE
- 5 BLOW AIR INTO THE AIR VALVE UNTIL IT INFLATES FULLY
- 6 FOLD THE TOP OVER TWICE TOWARD THE FRONT, PULL ENDS TOWARD THE BACK STRAPS, AND CLIP THEM TOGETHER
- 7 IF NEEDED, OPEN AIR VALVE TO RELEASE AIR AND CLOSE AGAIN TIGHTLY
