- Bioactive Collagen Peptide (24 tablets)
- Face Mask Tray
- Cleaning Brush
- Measuring Cup
- User Manual

Bioactive Collagen Peptide
(24 tablets)

SPECIFICATIONS

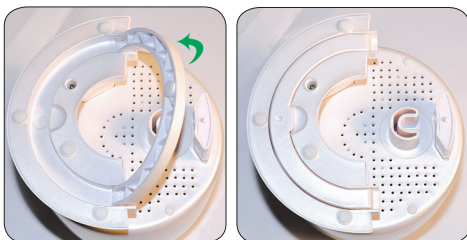

| | |
|---------------------------|------------------------|
| Voltage Rating | 110V-240V/ 50Hz / 60Hz |
| Power Rating for Mask | 80W |
| Power Rating for Steaming | 240W |

MASK-MAKING INSTRUCTIONS

IMPORTANT NOTE: The Maskerade Duet may be used only with liquid forms of fruits or vegetables, juices, viscous liquids such as yogurt or honey, and numerous other liquid ingredients. DO NOT use any solid ingredients to make masks with the Maskerade Duet.

- 1 RECOMMENDED REGIMEN:** If you would like to do both a facial mask and facial steaming, you should first make the mask even if you would like to first steam your face before applying a mask to your face. This is because the high temperature of the device is harmful to the mask-making process and the mask will not form properly if the machine is hot. For this reason, it is recommended to make the mask first which can then be set aside for 1-2 hours before using it (it's recommended to refrigerate the mask and leave it in the mask tray until you use it). Once you have made the mask, you can do the facial steaming treatment on your face first as it will help open the pores and improve the absorption of the mask ingredients. After the facial steaming, you can apply the mask on your face.

- 2** Before starting, turn the device upside down and flip the retractable half of the bottom of the device back completely until the bottom looks like a half-moon (see photo on right).

- 3** Maskerade should be operated on a dry, clean, fast and firm surface. Place the mask tray in the correct position as shown in the photo. In the correct position, the two rectangular grooves near the edges of the mask tray hook into the device and the base stand of the device rests on top of the mouth-shaped area of the mask tray.

- 4** Connect the power cord to the device socket and plug into the wall, after which the device will automatically turn on.

IMPORTANT NOTE: When in the MASK mode, please be careful not to click on the Steam-mode button on the machine. If you click the STEAM button by error, immediately disconnect the power by removing the power cord from the device and repeat the process correctly.

MASK-MAKING INSTRUCTIONS

- 5 Please prepare 25 ml of any liquid ingredients (juice, milk, wine, yogurt, etc.) in the measuring cup. Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities).

25ml of any liquid

70ml of water

- 6 Open the top cover of the device by twisting the cover a quarter turn to the left (counter-clockwise) until it cannot turn and then lift off the cover. Pour the prepared liquid ingredients into the liquid compartment of the device.

- 7 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.

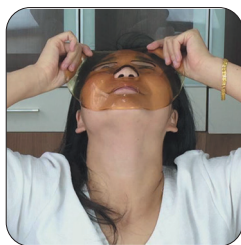

- 8 Press the Mask-mode button to begin the mask-making process. The light indicator for the Mask-mode button will flash and you will hear a beeping sound. After a few seconds, the light indicator on the Mask-mode button will turn solid.

- 9 IMPORTANT NOTE:** Please make sure that the Maskerade device and mask tray are operated on a dry, firm, and flat surface.

It takes approximately 6 minutes to complete the mask-making process. The liquid mask will pour out into the mask tray at the completion of the process. Once the liquid is in the mask tray, please do not move the tray for a few minutes to enable the mask liquid to even out, cool down, and allow the gelification of the mask to complete and turn the mask to gel.

-
- 10** After the mask has cooled for a few minutes and is ready for use, you can apply it immediately or set it aside for 1-2 hours before using it (it's recommended to refrigerate the mask and leave it in the mask tray until you use it).
-

- 11** If you would like to make another mask, do not make one immediately after having already made a mask just now as you should allow the device to cool down first before making another mask. You can either let the device cool down on its own for at least 20-30 minutes, or put cold water in the liquid tank (while device is off) to speed up the cool down process. The reason for needing to wait between each mask-making session is because the high temperature of the device is harmful to the mask-making process and the mask will not form properly if the machine is hot.

FACIAL STEAMING INSTRUCTIONS

- 1 RECOMMENDED REGIMEN:** If you would like to do both a facial mask and facial steaming, you should first make the mask even if you would like to first steam your face before applying a mask to your face. This is because the high temperature of the device is harmful to the mask-making process and the mask will not form properly if the machine is hot. For this reason, it is recommended to make the mask first which can then be set aside for 1-2 hours before using it (it's recommended to refrigerate the mask and leave it in the mask tray until you use it). Once you have made the mask, you can do the facial steaming treatment on your face first as it will help open the pores and improve the absorption of the mask ingredients. After the facial steaming, you can apply the mask on your face.

- 2** Before starting, turn the device upside down and make sure that the retractable half of the bottom of the device is completely open, making the bottom a full circle.

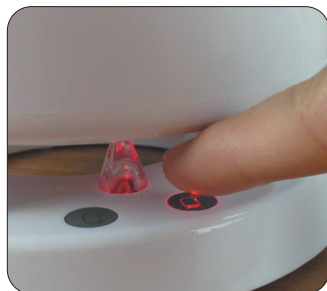

- 3** Connect the power cord to the device socket and plug into the wall, after which the device will automatically turn on.
IMPORTANT NOTE: When in the STEAM mode, please be careful not to click on the Mask-mode button on the machine. If you click the STEAM button by error, immediately disconnect the power by removing the power cord from the device and repeat the process correctly.

- 4** Please prepare 90 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) in the measuring cup. Then, open the top cover of the device by twisting the cover a quarter turn to the left (counter-clockwise) until it cannot turn and then lift off the cover. Pour the water into the liquid compartment of the device.

- 5 Put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed. Then, press the Steam-mode button to begin the steaming treatment. The light indicator for the Steam-mode button will flash and you will hear a beeping sound. After a few seconds, the light indicator on the Steam-mode button will turn solid.

- 6 It takes approximately 3 minutes for the steam treatment to start and the steam will initially come out slowly and then gradually strengthen. The treatment will last approximately 5 minutes.

IMPORTANT NOTE: When doing a facial steaming treatment, please do not get your face too close to the steam as your face should be at least 5-7 inches away from the device. Following the treatment, do not open the device cover as you should allow the device to first cool down.

DEVICE SELF-CLEANING & MAINTENANCE

The Maskerade Duet has an automated self-cleaning process. Before you start the self-cleaning, be sure to set the mask tray under the machine so that the water that flows out of the machine during the cleaning will collect in the mask tray. First, pour 100 ml of water into the liquid compartment of the device. After closing the cover, turn the device on and press down on the Mask-mode button continuously for 5 seconds to initiate the self-cleaning process. The light indicators for both the Mask and Steam-modes will flash at the same time when the self-cleaning process starts. After a few minutes, water will drain out to the mask tray through the drainage outlet and the self-cleaning process will be complete.

You can use the cleaning brush that is provided with the Maskerade Duet to clean off stubborn residue that was left after the cleaning machine. Additionally, you can clean the outer surface of the device by using a damp washcloth and gently wiping the device's surface.

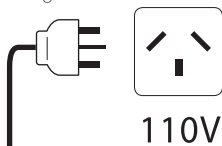

CAUTIONS

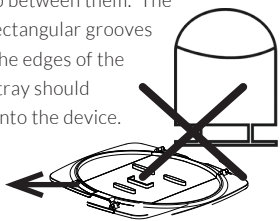

Precautions

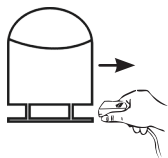

The electric power supply of the Maskerade device is 110V. Before connecting to the power, please make sure that the device voltage conforms to the local voltage.

During the mask-making process, make sure that the mask tray is connected to the device and there is no gap between them. The two rectangular grooves near the edges of the mask tray should hook into the device.

Before cleaning and maintaining the device, or disassembling any parts of the device, or when not using the device, please unplug the device power from the electrical outlet.

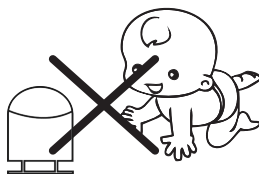

Prohibitions

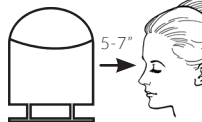

When cleaning the device, please do not wash, soak, or submerge the device directly in water.

Keep children away from device.

When doing a facial steaming treatment, please do not get your face too close to the steam as your face should be at least 5-7 inches away from the device. Following facial steaming, do not open the device cover as you should allow the device to first cool down.

CAUTIONS

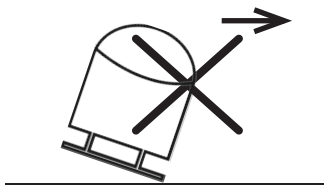

Precautions

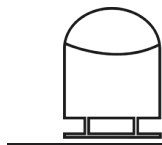

Prohibitions

Please do not move the device while it is operating. Do not disassemble or re-assemble any parts while device is operating.

When the device is running, please do not put your hands inside the device and do not insert anything into the device. While operating, please keep the device standing on a dry, clean, flat, and firm surface and have it stand at least 4 inches away from the edge of the surface.

If the device experiences any problems that cannot be resolved by reviewing this manual, please contact Customer Care at customercare@beautyora.com. Do not try to repair the device on your own for risk of an electric shock.

For any further questions, please contact Customer Care at customercare@beautyora.com.

MASKERADE

DUET

FACIAL STEAMER & ORGANIC MASK MAKER

Mask Recipes

Before you start

Before making any of the Mask recipes in this booklet, please refer to the User Manual for specific instructions on creating a mask with the device. The Maskerade Duet may be used only with liquid forms of fruits or vegetables, juices, viscous liquids such as yogurt or honey, and numerous other liquid ingredients.

IMPORTANT: DO NOT use any solid ingredients to make masks with the Maskerade Duet.

SKIN REJUVENATION ORANGE & YOGURT MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Pure orange juice | 15 ml |
| Plain Greek yogurt | 10 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 15 ml of pure orange juice along with 10ml of plain greek yogurt in the measuring cup.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right(clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Oranges are rich in Vitamin C, Potassium, and Folic acid. Vitamin C produces collagen and improves elasticity of skin. Research has shown that orange juice improves hair, skin and nails. Just like lemon juice, orange juice helps to lighten skin tone. It's good for blemished, oily and acne prone skin. Yogurt naturally helps reduce fine lines and prevent wrinkles from forming. The lactic acid in the yogurt helps dissolve dead skin and tightens pores.

- Tightens, whitens, brightens, and tones the skin on your face.
- Reverses hyper pigmentation, and neutralizes free radicals.
- Improves skin elasticity.
- Orange is an excellent beauty aid in reversing the aging process. It is replete with vitamin C, which increases the production of collagen and keeps the skin firm and moist.
- The lactic acid in yogurt will help dissolve dead skin and tighten pores.
- Reduces redness.
- Stimulates collagen synthesis.
- Suppresses discoloration.
- Safe for all skin types, including aging, hyper-pigmented, or reddened skin.

HYDRATING AND CALMING RED WINE & HONEY MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Red wine | 15 ml |
| Honey | 10 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 15 ml of red wine along with 10 ml of honey in the measuring cup (You can also pour yourself half a cup and enjoy it while your mask cooks:)
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

- Red wine contains high levels of antioxidant polyphenols, which are beneficial for keeping your skin healthy. Red wine fights free radicals, stimulates blood circulation, rejuvenates, increases skin elasticity, eases the nerves, firms, whitens, and leaves your skin bright and glowing. This leads to softening of wrinkles and fine lines and is very useful in battling the effects of aging skin. In cases of acne and eczema, red wine is also considered to be beneficial for detoxifying the skin.
- Restores a smooth, supple texture, brightens the skin, lightens hyper pigmentation, increases skin firmness and elasticity.
 - Contains antioxidants to fight free radicals.
 - Promotes smoother & younger-looking complexion.
 - Natural properties of honey help calm irritation, alleviate redness, while providing gentle, skin-renewing exfoliation.

NOURISHING AND REPAIR

HONEY & MILK MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Milk | 15 ml |
| Manuka Honey | 10 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 10 ml of manuka honey (or natural / not processed honey for better results) along with 15 ml of milk in the measuring cup..
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right(clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Honey has many properties that help repair dry or flaky skin. The honey and milk mask gives you an instant glow as soon as you wash it off. Honey and milk contain many antioxidants, which are very beneficial for the body. Honey and milk have been known to help reduce the appearance of acne and wound scars, and even out skin pigmentation. Consistent application of honey and milk will give you the best results.

- Restores a smooth, supple texture, brightens the skin, lightens hyper pigmentation, increases firmness and elasticity.
- Natural properties of milk and honey alleviate redness and calm irritation, while providing gentle, skin-renewing exfoliation.
- Increases firmness.
- This rich mask brightens, nourishes, and illuminates the complexion.
- Safe for all skin types and works great with irritated, hyper pigmented, and sun damaged skin.

OPTIMAL HYDRATION

ALOE VERA SOOTHING MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Aloe vera juice | 25 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 25 ml of aloe vera juice in the measuring cup.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Aloe vera is considered an excellent skin cleanser and contains antibiotics, coagulating agents, pain inhibitors and astringents. Aloe vera works by increasing the skin's elasticity to keep wrinkles from developing. Aloe vera is also rich in antioxidants. When your face is constantly exposed to sunlight, it is also exposed to free radicals, which contribute to aging. The antioxidants in aloe vera neutralize the harmful effects of free radicals, thus protecting against and reducing the appearance of wrinkles on the face.

- Hydrating, soothing & anti-inflammatory benefits.
- Provides superior cleaning & astringent effects to remove grease and oil.
- Leaves skin calm, smooth, radiant, and comfortable.
- Aloe Vera improves complexion and evens color on acne, sores, and scars.
- Promotes new cell growth and the healing of scars.

SKIN REGENERATING & EXFOLIATING CARROT, OLIVE OIL & HONEY MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Carrot juice | 20 ml |
| Manuka honey | 5 ml |
| Olive oil | 10 drops |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 20 ml of carrot juice in the measuring cup. Add 5 ml of honey and about 10 drops of olive oil.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right(clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Vitamin A is an antioxidant that attacks free radicals, and helps prevent signs of aging including wrinkles, uneven skin tone, and pigmentation. Carrots contain beta-carotene that is a skin-friendly component converted into vitamin A inside the body. It is helpful in repairing skin tissues. Honey is naturally antibacterial, so it's great for acne treatment and prevention. Honey has many properties that help repair dry or flaky skin. Olive oil nourishes, moisturizes and cleanses the skin.

- Carrots are a powerful antiseptic capable of killing germs and protecting the skin with antioxidants. Carrots help protect the skin from free radicals and promote the regeneration of healthy skin cells.
- Natural properties of honey help reduce swelling, while providing gentle, skin-renewing exfoliation.
- Olive oil nourishes, moisturizes, & cleanses the skin.
- Leaves skin calm, smooth, radiant & comfortable.
- Stimulates new cell growth and the healing of scars.

HEALTHY GLOW POMEGRANATE & ALMOND OIL ANTI-AGING MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Pure pomegranate juice | 20 ml |
| Almond Oil | 5 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 20 ml of pure pomegranate juice along with 5ml of almond oil in the measuring cup.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

- Pomegranate is enriched with many vitamins and antioxidants, which promote flawless radiant skin. Almond oil is loaded with vitamins A, B and E. The vitamin E in this oil helps rejuvenate your skin and lighten the skin under your eyes. Almond oil helps decrease wrinkles and fine lines.
- Pomegranate is rich in Vitamin C and helps promote healthy skin and strengthen your immunity.
 - Pomegranate juice moisturizes the skin because of its omega-3 fatty acid content. It soothes dry and irritated skin and helps repair cracked skin.
 - Pomegranate is an extraordinary source of natural vitamins, iron, calcium and fibers.
 - Pomegranate helps reduce the incidence of acne and works wonders for oily skin too by controlling sebum production.
 - Light in texture, almond oil can easily penetrate deep into the skin, softening and dislodging the dirt and debris accumulated in the skin pores and hair follicles. This helps prevent blackheads and acne. The Vitamin A in the oil gives an added boost of helping reduce acne flare-ups.
 - Almond oil helps soften wrinkles and fine lines.

CLEAR SKIN & PORE REDUCTION TOMATO MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Pure tomato juice | 25 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 25 ml of pure tomato juice in the measuring cup.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Tomatoes contain a large amount of essential nutrients for the human body: water, proteins, carbohydrates, cellulose, pectins, organic acids, ash. Additionally, Vitamins B1, B2, E, C, and Folic Acid are also found in tomatoes. Tomatoes also contain numerous macro and micronutrients such as copper, calcium, phosphorus, potassium, sodium, cobalt, magnesium, iron, iodine, and fluorine.

- Prevents the appearance of wrinkles and improves cell regeneration of the epidermis.
- Refreshes, cleanses and nourishes the skin.
- Helps get rid of age spots, inflammation, rashes in the form of pimples and blackheads.
- Helps treat enlarged pores.
- Moisturizes dry skin.
- Helps reduce oily shine on your skin.
- Tomato is good for mature skin. As a component in homemade face masks it can help prevent acne, reduce skin rashes and pigmentation.

Contraindications in Using Tomato Face Mask: Tomato masks can cause skin irritation in some people. As a result, before you apply the mask on your face, it is recommended to run a sensitivity test on your skin. To do this, apply a small amount of the liquid mixture of your tomato mask on the wrist area or elbow bend and let it stay on your skin for 10 minutes. Rinse well and look at the condition of the treated skin. If you have no reaction, you can use a tomato-based mask. If you notice strong redness, spots, or if you experience itching, it is better not to use a tomato-based mask.

- Restores a smooth, supple texture, brightens the skin, lightens hyper pigmentation, increases firmness and elasticity.
- Natural properties of milk and honey alleviate redness and calm irritation, while providing gentle, skin-renewing exfoliation.
- Increases firmness.
- This rich mask brightens, nourishes, and illuminates the complexion.
- Safe for all skin types and works great with irritated, hyper pigmented, and sun damaged skin.

OPTIMAL HYDRATION

ALOE VERA SOOTHING MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Aloe vera juice | 25 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 25 ml of aloe vera juice in the measuring cup.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Aloe vera is considered an excellent skin cleanser and contains antibiotics, coagulating agents, pain inhibitors and astringents. Aloe vera works by increasing the skin's elasticity to keep wrinkles from developing. Aloe vera is also rich in antioxidants. When your face is constantly exposed to sunlight, it is also exposed to free radicals, which contribute to aging. The antioxidants in aloe vera neutralize the harmful effects of free radicals, thus protecting against and reducing the appearance of wrinkles on the face.

- Hydrating, soothing & anti-inflammatory benefits.
- Provides superior cleaning & astringent effects to remove grease and oil.
- Leaves skin calm, smooth, radiant, and comfortable.
- Aloe Vera improves complexion and evens color on acne, sores, and scars.
- Promotes new cell growth and the healing of scars.

SKIN REGENERATING & EXFOLIATING CARROT, OLIVE OIL & HONEY MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Carrot juice | 20 ml |
| Manuka honey | 5 ml |
| Olive oil | 10 drops |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 20 ml of carrot juice in the measuring cup. Add 5 ml of honey and about 10 drops of olive oil.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right(clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Vitamin A is an antioxidant that attacks free radicals, and helps prevent signs of aging including wrinkles, uneven skin tone, and pigmentation. Carrots contain beta-carotene that is a skin-friendly component converted into vitamin A inside the body. It is helpful in repairing skin tissues. Honey is naturally antibacterial, so it's great for acne treatment and prevention. Honey has many properties that help repair dry or flaky skin. Olive oil nourishes, moisturizes and cleanses the skin.

- Carrots are a powerful antiseptic capable of killing germs and protecting the skin with antioxidants. Carrots help protect the skin from free radicals and promote the regeneration of healthy skin cells.
- Natural properties of honey help reduce swelling, while providing gentle, skin-renewing exfoliation.
- Olive oil nourishes, moisturizes, & cleanses the skin.
- Leaves skin calm, smooth, radiant & comfortable.
- Stimulates new cell growth and the healing of scars.

HEALTHY GLOW POMEGRANATE & ALMOND OIL ANTI-AGING MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Pure pomegranate juice | 20 ml |
| Almond Oil | 5 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 20 ml of pure pomegranate juice along with 5ml of almond oil in the measuring cup.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Pomegranate is enriched with many vitamins and antioxidants, which promote flawless radiant skin. Almond oil is loaded with vitamins A, B and E. The vitamin E in this oil helps rejuvenate your skin and lighten the skin under your eyes. Almond oil helps decrease wrinkles and fine lines.

- Pomegranate is rich in Vitamin C and helps promote healthy skin and strengthen your immunity.
- Pomegranate juice moisturizes the skin because of its omega-3 fatty acid content. It soothes dry and irritated skin and helps repair cracked skin.
- Pomegranate is an extraordinary source of natural vitamins, iron, calcium and fibers.
- Pomegranate helps reduce the incidence of acne and works wonders for oily skin too by controlling sebum production.
- Light in texture, almond oil can easily penetrate deep into the skin, softening and dislodging the dirt and debris accumulated in the skin pores and hair follicles. This helps prevent blackheads and acne. The Vitamin A in the oil gives an added boost of helping reduce acne flare-ups.
- Almond oil helps soften wrinkles and fine lines.

CLEAR SKIN & PORE REDUCTION

TOMATO MASK

INGREDIENTS

| | |
|----------------------------|----------|
| Pure tomato juice | 25 ml |
| Distilled or mineral water | 70 ml |
| Bioactive Collagen Peptide | 1 tablet |

INSTRUCTIONS

- 1 Please prepare 25 ml of pure tomato juice in the measuring cup.
- 2 Then, add 70 ml of water (use distilled or mineral water and not tap water to avoid clogging of the device due to impurities) and mix all the ingredients thoroughly before pouring the mixture into the liquid compartment of the device.
- 3 Add 1 tablet of the Bioactive Collagen Peptide into the liquid compartment and then put back the cover on the device and twist it a quarter-turn to the right (clockwise) until the cover locks into place and cannot be removed.
- 4 Press the Mask-mode button to begin the mask-making process, which should take approximately 6 minutes.
- 5 **BOOST:** For added benefits, add in a few drops of your favorite skincare serum in your ingredients (i.e. Vitamin C, Retinol, Glycolic Acid, Hyaluronic Acid, Ferulic Acid, etc.)

BENEFITS

Tomatoes contain a large amount of essential nutrients for the human body: water, proteins, carbohydrates, cellulose, pectins, organic acids, ash. Additionally, Vitamins B1, B2, E, C, and Folic Acid are also found in tomatoes. Tomatoes also contain numerous macro and micronutrients such as copper, calcium, phosphorus, potassium, sodium, cobalt, magnesium, iron, iodine, and fluorine.

- Prevents the appearance of wrinkles and improves cell regeneration of the epidermis.
- Refreshes, cleanses and nourishes the skin.
- Helps get rid of age spots, inflammation, rashes in the form of pimples and blackheads.
- Helps treat enlarged pores.
- Moisturizes dry skin.
- Helps reduce oily shine on your skin.
- Tomato is good for mature skin. As a component in homemade face masks it can help prevent acne, reduce skin rashes and pigmentation.

Contraindications in Using Tomato Face Mask: Tomato masks can cause skin irritation in some people. As a result, before you apply the mask on your face, it is recommended to run a sensitivity test on your skin. To do this, apply a small amount of the liquid mixture of your tomato mask on the wrist area or elbow bend and let it stay on your skin for 10 minutes. Rinse well and look at the condition of the treated skin. If you have no reaction, you can use a tomato-based mask. If you notice strong redness, spots, or if you experience itching, it is better not to use a tomato-based mask.
