

Electric Peeler Manual

PL907E

1.Product Structure

2.Product Features

a. Advanced Technology

The first hand-held electric peeler with unique patent all over the world.

b. Safe Design

Using low voltage DC motor which is much safer to use. Ergonomic Handle Design provides a soft and comfortable grip when using.

c. High Quality Rechargeable Battery

Built-in efficient and high quality lithium battery provides a long life time use.

d. Compact Appearance Design

Made of environmental material in a fashion and ergonomic design.

3.Functions

a. One-edge Peeler:

This blade is designed to peel thicker fruits and vegetables specially.

With one-edge blade, peel them with only one direction as you want.

b.Y Peeler

The Y Peeler is named after its Y-shaped handle. Y peelers tend to be ambidextrous and can peel fruits and vegetables in two-way. It's more suitable for thinner fruits and vegetables.

c.Julienne Peeler

It creates fine shreds of vegetables such as carrots and zucchini; it is also excellent in extracting zest from citrus fruits like lemon and lime.

4.Product Operation

- Open the package, check the product and accessories conditions
- Press power button, check if the peeler works correctly or not then turn it off
- Choose one blade and then plug it into the front dashboard following the installation guide.

- Press the power button and start your cooking journey.
- If need to change the blade, just take it out and repeat step C and D.

5.Package included

a.	PL907E X 1	c.	Charging Cable X 1
b.	Blades X 3	d.	User Manual X 1

6.Cautions

- Please charge peeler with standard 5V voltage and output 1A current, avoiding battery damage or affecting service life.
- Don't charge peeler with excessive current in case of battery or adapter damage.
- Please clean the used blades after paring for the sake of blades' service life. Put the shell back to storage when the

product is cleaned and dried out.

d. Sharp edges. Handle with care. Never peel towards your fingers.

e. Do not wash the handle with running water. And it's also not applicable to dishwasher.

f. Blades are dishwasher safe. Easy clean with running water.

7.Troubleshooting

Problem	Possible Reason	Solution
Stop working	Battery ran out of power	Recharging the Peeler
Not powerful enough	Battery is running out of power	

8.Specifications

Model	PL907E
Voltage	DC 3.7V
