

WARNING :: DANGER!
FLAMMABLE LIQUID & VAPOR.

Contents are dangerous and highly flammable.
Improper handling can result in injury or death.

CAN BE EXPLOSIVE IF NOT HANDLED CORRECTLY.
SMARTFUEL® can be used with most brands of ethanol fireplaces and fire devices. Do not allow others to refill device without reading all safety information.

ADDED SAFETY MEASURES :: For safety, our fuel bottles are fitted with a flame arrestor in the neck of the bottle to prevent accidental ignition of vapors and fuel inside the bottle.

DO NOT REMOVE FLAME ARRESTOR INSERT!
Removal may result in **INJURY** or **DEATH**.

Danger! Use Extreme Care to Refill Fire Device

- **NEVER** remove the Flame Arrestor!
- **NEVER** fill a burning (lit) fire device!
- **NEVER** put your face over the burner!
- **CAUTION:** Flame may be invisible.
 - Be sure flame is completely out prior to refilling.
- **ALWAYS** Verify device is cool-to-the-touch prior to refilling.
 - Allow minimum 15 minutes to cool down before refilling.
- **DANGER!** Make sure there are no sources of ignition in the room or nearby. (cigarette, candle, etc)
- **NEVER OVERFILL DEVICE.** If you do, wipe it up and allow all residual fuel to evaporate before lighting.
- **ALWAYS** use long handled lighter to light fire (BBQ Lighter)
- **ALWAYS** Read & Heed Device Manufacturer's Instructions.
- **NEVER** allow a child to refill or light device.
- **DANGER!**

Failure to follow instructions can cause **INJURY** or **DEATH!**
