

SpillNot® Plus

Warning: If the SpillNot is bumped, spillage will occur.

Do not use with liquid that is hot enough to scald.

Not for use in moving vehicles.

The SpillNot is an elegant solution to spills while carrying open beverages such as coffee, tea, beer or wine. A simple hanging tray, it's useful, fun and based on the fundamental laws of physics.

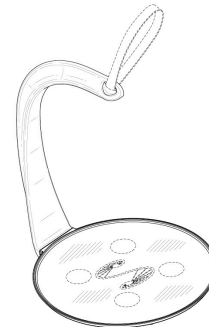

The SpillNot allows open beverages in a wide variety of container shapes and sizes to be carried easily without spilling.

To assemble, simply slide the tongue into the tray until it clicks in place, then you are ready to go.

Enjoy!
