

TUCANO PENCIL – USER MANUAL

Product description

Active digital pen for iPad made of aluminum alloy with baking varnish. It supports the palm rejection technology to stop worrying about your hands and focus on the task. Tucano Pencil uses a USB-C for charging and you can charge while you write, and it comes out with 2 replaceable tips. No need to connect to Bluetooth. Taking notes of your ideas and creations makes work easier.

Product features

- Made in alloy with baking varnish, native palm rejection and tilted writing features.
- Magnetically attachable. You can attach to the side of your iPad (for those who supports this feature).
- No need to connect to Bluetooth. Simply touch the top switch twice before and after use.
- Auto Sleep: the pen will turn off automatically 5 minutes after use.
- Led indicator: blue light on bottom displays 0-40% battery; light on the middle 40-70%; top light 70-100%. The three indicators will light blue when fully charged.
- Lithium battery Capacity: 150 mAh
- USB-C charging (you can charge while you write). Cable USB-C to USB-C included.
- Charging input: 5V 0.3A
- Charging full time: 30 min.
- Working Time: 8-10 hours
- 2 Replaceable tips/nibs in POM material included

Product part details

3 LED – real time power battery display

1. 0-40%
2. 40-70%
3. 70-100%

The three indicators will light blue when fully charged.

1. Touch switch
2. Type-C charging port (USB-C charging cable included)

3. A-B-C, indicator led light
4. Detachable nib (2 additional replaceable pen nibs included)

How to use

1. Double click the touch switch on the top of the pen to turn it on. The three LED indicator lights will turn blue to indicate that the pen is completely charged (if it is not fully charged, one or two of the LED indicators will light up depending on the percentage of battery power remaining. See points 1, 2 and 3 in the Product Details section.
2. If you have an iPad with the magnetic connector, you can magnetically attach your Tucano Pencil to your device; however, it will not be possible to charge it from the iPad.
3. The Tucano Pencil is already ready to use. If it does not automatically start working, follow the suggested instructions (A and B) below to resolve the issue:
 - A. Open SETTINGS > APPLE PENCIL and turn off “Only Draw with Apple Pencil.”
 - B. Open SETTINGS > Bluetooth disconnect from the original Apple Pencil (if present).
4. If lost, you can easily replace the tip/nib of the Tucano Pencil (2 replacement nibs are included in the box). Simply screw it onto the open end of the pen body.
5. To turn the pen off, just double click the touch switch on the top of the pen. (just as you did to turn it on).

Compatibility

The Tucano Pencil is designed to work with all newer model iPads (2018 and later).

iPad 7th/8th/9th/**10th** gen, iPad Air 3rd/4th/5th gen, iPad Pro 11 1st/2nd/3rd/**4th** gen, iPad Pro 12.9 3rd/4th/5th/**6th** gen, iPad mini 5th/6th gen.
