Good-bye
Boring Beauty
Routine!

Say hello to Monroe, your new LED lighted (and might we say - stunning) Hollywood mirror! An instant upgrade from your traditional non-lighted vanity or hanging mirror, Monroe's Omni-Glow Technology features 3 customizable lighting options to get you red-carpet ready in any situation. Serving you ultimate versatility with removable feet that keeps her standing tall and proud, and hanging plates on the back to display her front and center anywhere you please. Monroe also features a USB-C charger on her hip to charge your phone while you get ready (she's truly prepared for everything!) Never miss a single detail again with this crystal-clear mirror that adds a sophisticated touch to any room.

3 dimmable light settings

Choose from soft white, neutral white, and natural daylight. These 3 dimmable light settings simulate any lighting environment to help you feel your best anywhere.

detachable stand

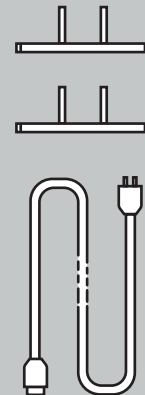

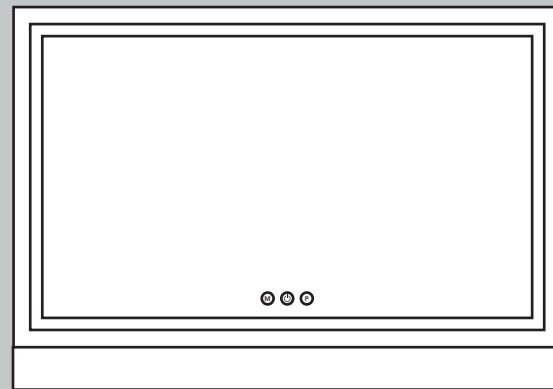

Effortlessly detaches from its stand so you can use it either as a vanity mirror or as a wall-mounted mirror.

get the full view

Extra-large 80cm (31.5inch) mirrored surface gives you a complete view of your best self. Never miss a detail again!

stay connected

Featuring a USB-C charging port on the side, Monroe charges your devices for you while you get ready.

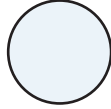

Light Settings

With a CRI (color rendering index) of 90, Monroe is able to emit light that matches the full color spectrum of sunlight. Why is this important? It means that you're seeing a color-accurate reflection of your skin and make-up in the mirror, so you don't have to worry about BBL (Bad Beauty Lighting™).

Omni-Glow Technology Dimmable Light Settings:

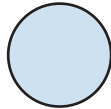

1 / Neutral White (5000K)

True neutral white (no red or blue hues) for fine details like tweezing or getting photo-ready.

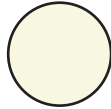

2 / Natural Daylight (6000K)

All-around ideal light for applying makeup (recommended by makeup artists!)

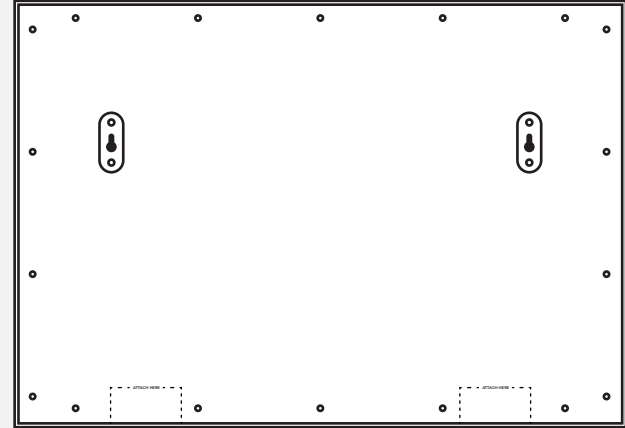

3 / Soft White (3500K)

Perfect for nighttime skincare routines to help you wind down for the day.

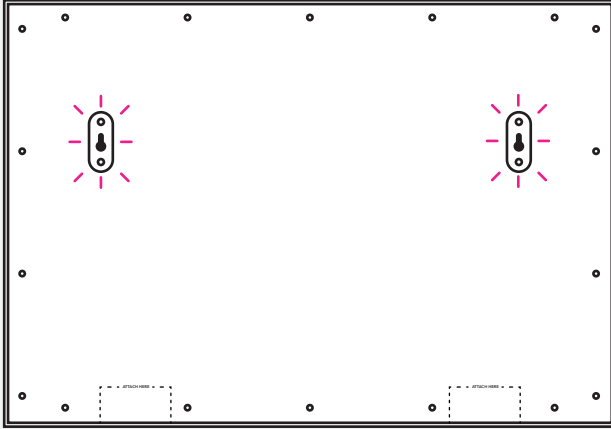

ASSEMBLE

1 / Turn Monroe into a vanity mirror by attaching the two plastic feet to the bottom. Follow the guidelines as shown at the back of the mirror to ensure proper assembly.

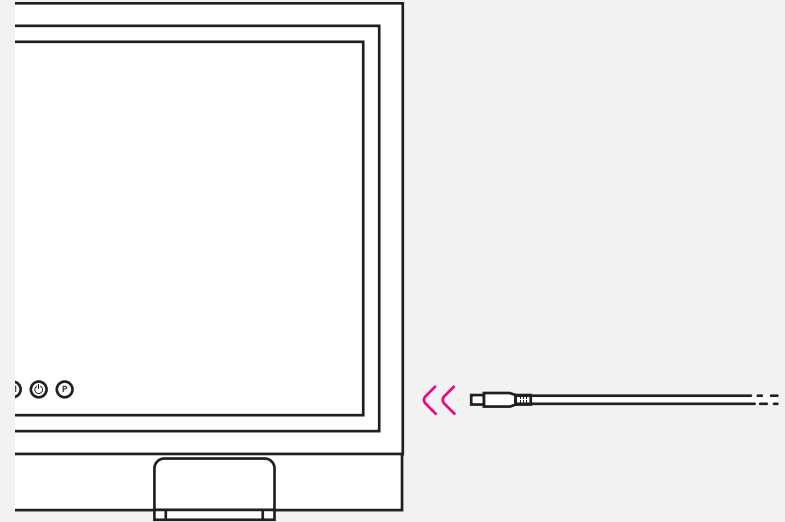

ASSEMBLE

2 / Mount Monroe to the wall utilizing the two mounting plates on the back.

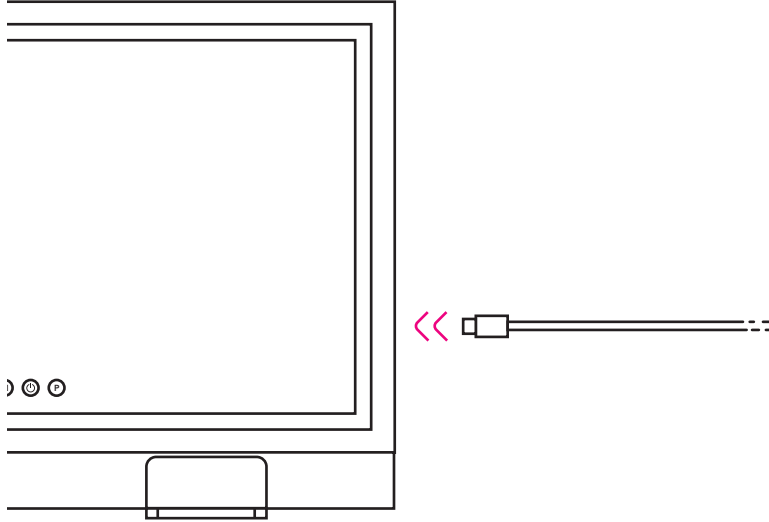

Please note: As wall materials vary, screws for fixing to wall are not included. For advice on suitable screw systems, contact your local specialized dealer.

ASSEMBLE

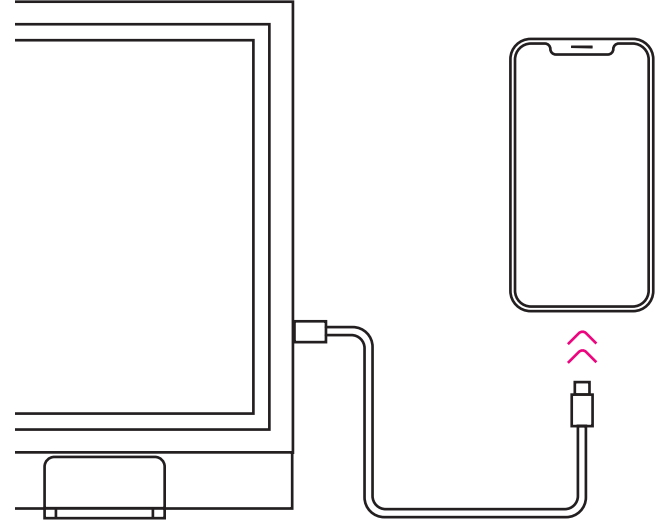

3 / Plug in by inserting the included cord into the circular DC port and reliable power source.

CHARGING ELECTRONICS

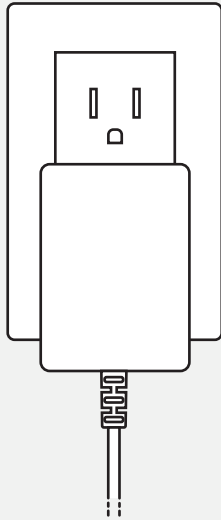

1 / Plug your USB-C cable (not included) into the port on the side of the mirror.

CHARGING ELECTRONICS

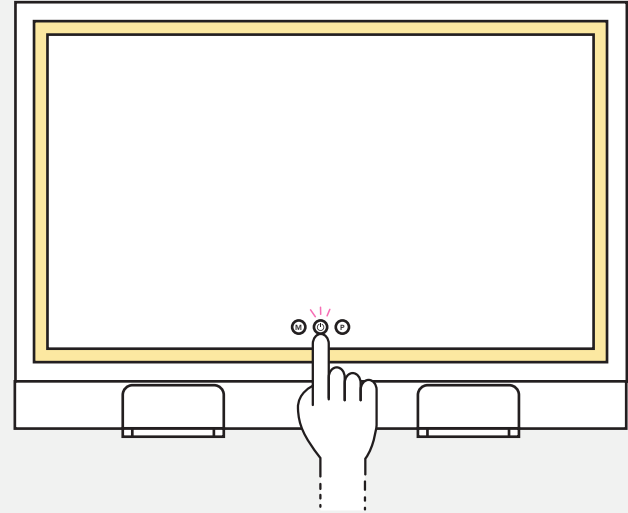

2 / Plug other side of cable into your phone (not included) or other portable devices to charge.

POWERING UP

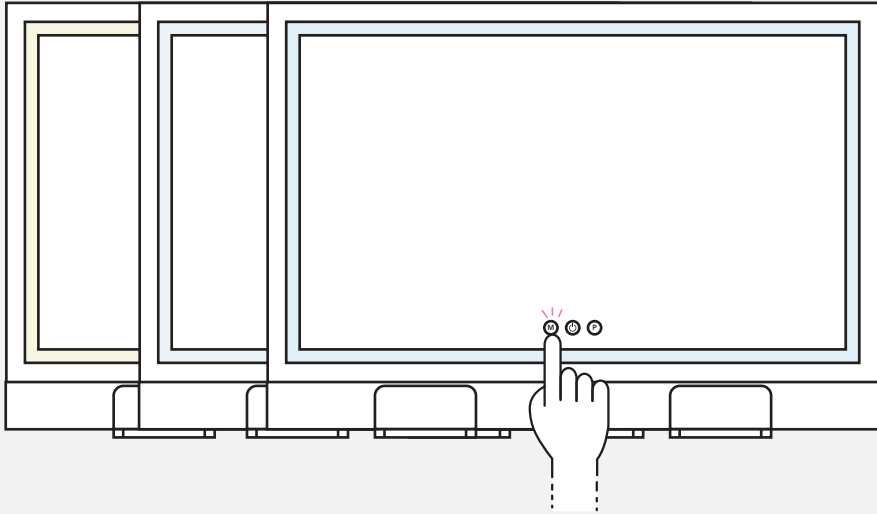

1 / Ensure power cord is plugged into a reliable power source.

POWERING UP

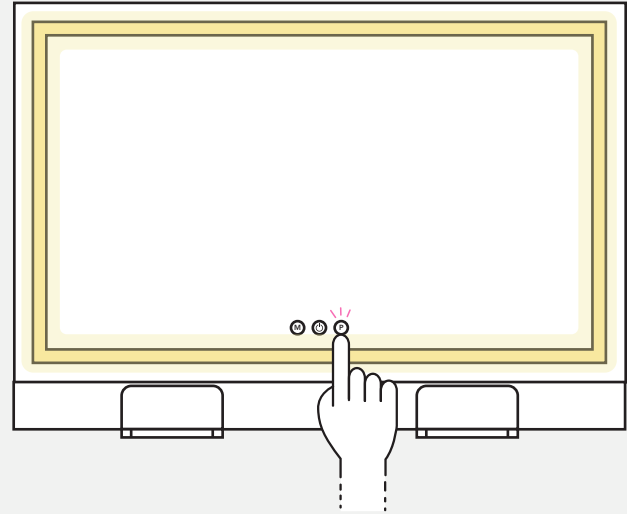

2 / Push the power button on the front of the mirror to turn on LED lights.

POWERING UP

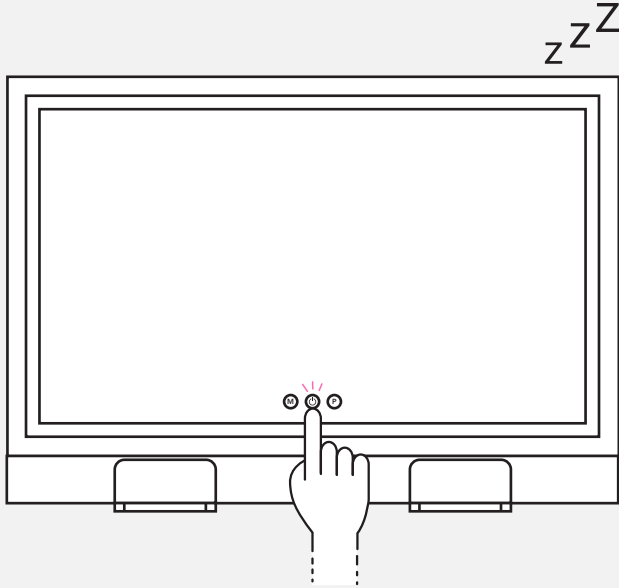

3 / Tap mode (M) button to cycle through 3 light setting options (Neutral White - Natural Daylight - Soft White).

POWERING UP

4 / Hold finger on the "P" button (Program) to adjust the brightness up or down.

POWERING UP

5 / Press the power button to turn off.

Please note that Monroe will automatically turn on the last light setting used when powering back up.

warnings

- 1 / Keep this product away from young children and pets.
- 2 / The mirror is not waterproof. To protect against electrical hazards, do not use it in the bath or shower.
- 3 / Do not place the mirror in direct sunlight. Reflection of direct sunlight by the mirror could cause a fire.
- 4 / Use this mirror only for its intended purpose.
- 5 / This product contains glass and may shatter if dropped. Handle with care.
