## KIDS BALANCE BIKE

Children should only ride under constant supervision.

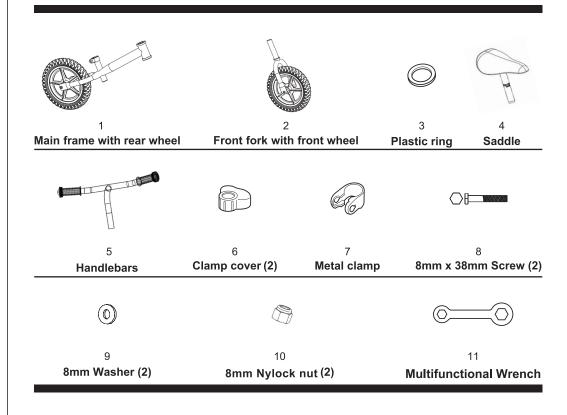

This bicycle is to be assembled by an adult.

Check all parts & fixtures are secure before allowing a child to ride this bike.

Not for children with a body weight of more than 55 lbs.

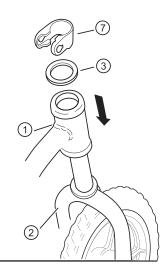

Warning! A protective helmet should be worn when cycling!

## **CONTENTS**

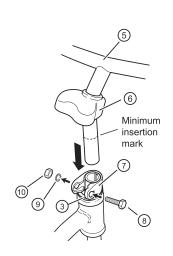

#### FRONT FORK ASSEMBLY

- 1 Remove protective cap and slide the fork stem through the front head tube.
- 2 Push the plastic ring and clamp onto the top of the fork stem.

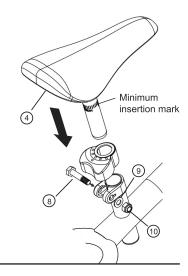

#### FITTING THE HANDLEBARS

- 1 Remove protective cap and slide the clamp cover onto the handlebar stem.
- 2 Push the handlebar stem into the fork stem at least as far as the Minimum insertion mark.
- 3 Align the handlebar with the front wheel and tighten the clamp with the spanner.
- 4 Slide the clamp cover down over the clamp.

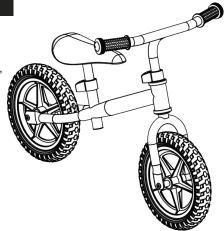

#### FITTING THE SADDLE

- 1 Push the saddle pillar into the down tube at least as far as the Minimum insertion mark.
- 2 Align the saddle with the bike frame and tighten the clamp with a spanner.

#### ASSEMBLED BIKE

Please check all screws and fittings are secure before giving to your child. The toy should be used with caution, since it requires great skill, so as to avoid falls or collisions causing injury to the user and third parties.

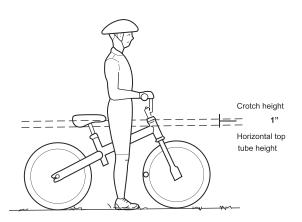

#### A GUIDE TO SAFE CYCLING

- 1. We recommend this bike is for pavement use only. Not suitable for use on public highways.
- 2. Do not ride at night. Visibility is often limited at dawn and dusk.
- Always give pedestrians right-of-way, and don't ride too close to them. Never park your bicycle where it can cause a nuisance.
- Avoid hazards that may cause the rider to lose control of the bicycle, such as potholes, uneven roads, and manhole covers.
- Leave plenty of room when passing parked vehicles and watch out for doors being opened in your path.
- Never carry passengers on your bicycle. Never carry packages in your hands while riding, or fix anything to your bicycle that could obstruct your visibility or control.
- 7. Don't wear anything that restricts your hearing.
- 8. Always ride with both hands on the handlebars.
- Don't wear very loose clothing, which could hang down and become caught in the wheels of your bicycle. Wear cuff bands or trouser clips to keep your trousers from getting caught in the wheel.
- We recommend that light-coloured or fluorescent clothing be worn which helps others to see you in daylight and poor light.
- 11. Always wear proper safety equipment. We recommend wearing a helmet, long-sleeve shirt, long trousers, shoes and elbow and knee pads. Gloves and eye protection also make good sense.

Cover your handlebars, stem and top tube with safety pads for extra protection.

PLEASE REFER TO THE HIGHWAY CODE REGARDING RULES FOR CYCLISTS.

#### **IMPORTANT OWNER'S INFORMATION**

Please read this before letting your child to ride the bicycle.

#### CORRECT BICYCLE SIZE

Make sure the bicycle you have bought is the correct size for the child. The minimum crotch measurement of the rider, with feet flat on the ground, should be 1" (25mm) more than the height of the horizontal top tube line, shown below.

#### **BICYCLE SET-UP**

It is essential that, before moving off, the rider is comfortably seated on the bicycle and not stretching forward to reach the handlebars.

Re-check the instructions given for the installation of the saddle.

#### FOR YOUR CHILD'S SAFETY

Recheck that all screws, nuts and bolts are firmly tightened. Make sure that your child is capable of riding this bicycle. Do not allow your child to ride without supervision.

#### RECOMMENDED TORQUE TOLERANCES

Handlebar clamp	20 nm
Seat Post	20 nm
Wheels	20 nm
