The angle of the green view automatically changes to the player's location.

How to Set Time (Automatic)

Automatic setting (available when connected to GPS)

Touch the Golf Mode  on the menu screen.

Automatic GPS
reception when Golf Mode
is selected

How to Reset

Pressing both buttons simultaneously will reset and restart.

The small hole on the side of the watch is not a reset button.

※ It is not designed to be pressed and poking the hole with a sharp object will damage the watch.

Notes

- The time required to capture GPS satellite signals while in golf mode may vary depending on the environment (weather, topography).
- The battery's usage time may be reduced during rounds played in cold weather and in areas where satellite reception is poor. It is recommended that you turn the GPS power on once you are outside and ready to begin your round to extend usage time. Do not leave the product in vehicles in hot temperatures or humid places as damage may occur.
- Watch features will not be operational when the battery is being charged.

Warranty Conditions

- One Year Limited Warranty

Voice Caddie warrants this hardware product against defects in materials and workmanship for a period of one year from the date of original purchase.

If a defect exists, at its option Voice Caddie will (1) repair the product at no charge, (2) exchange the product with a product that is new or like-new and is at least functionally equivalent to the original product, or (3) refund the purchase price of the product. Voice Caddie shall have no obligation to repair, replace or refund until the customer returns the defective product to Voice Caddie.

This warranty does not apply

(1) to damage caused by accident, abuse, misuse, misapplication, or non-Voice Caddie products; (2) to damage caused by service performed by anyone who is not a Voice Caddie Authorized Service Provider; or (3) to a product or part that has been modified without the written permission of Voice Caddie.
