**EMERGENCY  
FIRE BLANKET**

**PULL BOTH TABS  
TO RELEASE**

**FIREGUARDIAN™**

**FIRE BLANKET**

**ASTM F1989-05 (REAPPROVED 2020)**

**MOUNTING**

**TO OPEN**

**FOR SMALL  
AREA FIRES**

**FOR CLOTHING  
FIRES**

Hang the Fire Blanket on a hook through the metal grommet near the stovetop, grill, or other fire sources.

Pull both tabs downward to release the Fire Blanket from the case.

While holding the release tabs, ensure the Fire Blanket is fully opened. Place the Fire Blanket over the flames to seal off air & smother flames. Turn off fire source if using on a stove or grill. Leave the Fire Blanket on the flames for a minimum of 20 minutes.

Place the victim on the ground. Wrap them in the Fire Blanket. Seek medical treatment immediately.

**IMPORTANT:** Please periodically check your Fire Blanket for holes or damage. Do not use and discard if there is any damage.

**CONSTRUCTED WITH  
100% WOVEN  
FIBERGLASS  
DISCARD BLANKET AFTER USE.**

**SIZE  
40" X 40"  
MADE IN CHINA
