Manual (How to Use/Application)

For Straightening

- **Step 1:** Take a section of hair and place the strands into the comb teeth.
- **Step 2:** Glide the comb slowly down through the hair.
- **Step 3:** Continue until you reach the ends.
- **Step 4:** Hair is left ultra-straight, shiny, and smooth.

For a Flip

- **Step 1:** Take a section of hair and place it into the comb teeth.
- **Step 2:** Slowly slide the comb down through the section.
- **Step 3:** When you reach the ends, flip your wrist in a C-shaped motion and hold for 3 seconds.
- **Step 4:** Hair will be styled with a natural, bouncy flip. Repeat for all sections.

For Volumizing

- **Step 1:** Take a section of hair, placing the comb as close to the roots as possible.
- **Step 2:** Gently pull the comb upward and away from the scalp.
- **Step 3:** Continue gliding the comb down through the hair until you reach the ends.
- **Step 4:** Your hair will have volume, bounce, and fullness. Repeat for all sections.

Tips for Best Results:

For easy straightening, divide your hair into three sections: top, middle, and bottom. Begin by straightening the top of each section, then follow up with a second pass underneath, or vice versa for a slight flip. This method ensures that you get the smoothest, most polished results.
