

- The BagStack accessory mount attaches to all golf bags. You can leave this mount attached to your bag between rounds.
- **To Install:** Turn the clamp screw with the provided allen wrench counter-clockwise until the jaws of the mount are wide enough to fit around the rim of your golf bag. Position the mount in your desired location and turn the screw clockwise until the jaws of the clamp close securely and contact the bag. Only turn until snug, don't over-tighten!

- 2 magnetic attachment points are included on the mount. Attach and stack your most-used items with the full lineup of Method Golf accessories!
