Temp

Explore Your Senses

Lay-on vibrator with heating and cooling technology

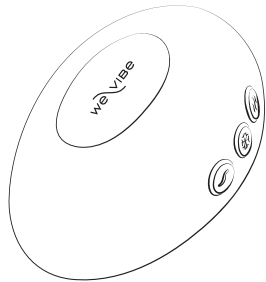

What is it

Awaken your senses with Temp's unique temperature control. Heat things up or add tingling coolness to your play. Temp's deep, rumbling vibrations and ergonomic shape enhance every intimate moment. Designed to comfortably massage erogenous zones, Temp's hot and cold temperatures encourage you to explore new sensations.

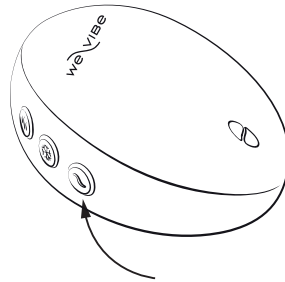

Who it's for

Couples and singles who may already have some sex toys, but want to try something different and explore new things. They are looking for fun, a great experience and something new.

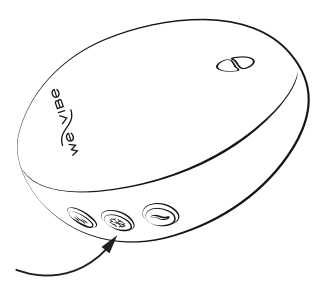

How to play

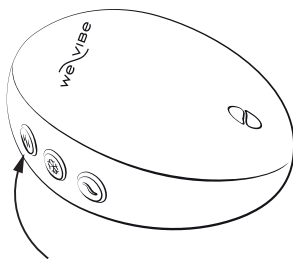

1. Temp is a temperature play vibrator that switches from hot (38°C) to cold (20°C) to tease your partner's erogenous zones.

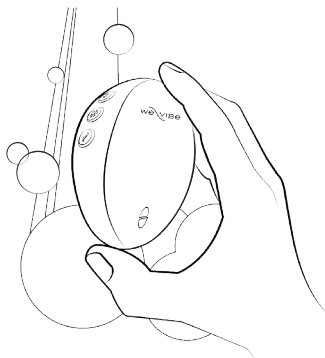

2. Turning Temp on by pressing the We-Vibe button for 2 seconds. Tap the button to cycle between 3 vibration intensities and 3 pattern modes.

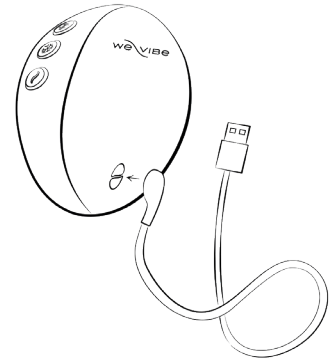

3. Click the Snowflake button to reduce the toy's temperature plate down to 20°C. It may take a few moments to reach this temperature.

4. Click the Flame button to increase the toy's temperature plate down to 38°C. This may also take a few moments.

5. Temp is IPX7 waterproof – this means it can get wet for play and cleaning.

5. Recharge using the USB charger.

Features

- Temperature Play
- Ergonomic Shape
- Smooth Silicone
- Rechargeable
- Powerful yet quiet vibrations
- Waterproof (IPX7)

Product and USP descriptions

Warming & Cooling Technology

Experience customized pleasure with precise temperature control, enabling partners to effortlessly explore their erogenous zones together.

Thrilling Vibrations

Vary vibrations with 3 intensity levels and 3 pattern modes to suit you and your partner. Use the vibrator on your partner's nipples, inner thighs or genitals to elevate foreplay.

Ergonomic Shape

Comfortable to use in one hand with a generous area for stimulating intimate areas with temperature and vibrations, Temp is simple and easy to work with.

Designed For Everyone

Temp can be used on all genders and body types. Waterproof & rechargeable for durability & convenience.
