

Night Mission Goggles™

See hands-free in the dark!

Ages 6 and up
10400
Requires three AAA
batteries (LR03), not included.

Important: Please save this instruction sheet. It contains valuable product information.

How to Play

- 1) swing forward both the sighting lens and 2x magnification lens (Fig 1)
 - 2) To turn on the Twin LED spy lights, activate the on/off switch in the rear of the battery pack. (Fig 2.)
 - 3) Now you can spy in the dark!
- Tip #1: To conserve battery life, turn off the lights on your goggles when you are not using them
- Tip #2: the Flip scope works best in daylight conditions so you can see things far-away

BATTERY SAFETY INFORMATION

- Only adults should install and replace batteries.
- Do not recharge non-rechargeable batteries.
- Remove dead or exhausted batteries.
- Insert batteries correctly. Match positive and negative signs.
- The supply terminals are not to be short circuited.
- Do not use rechargeable batteries.
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
- Do not mix old and new batteries.
- Only the batteries of the same or equivalent type recommended to be used.
- Do not dispose of batteries in a fire; they may explode.
- Dispose of batteries safely.

ATTENTION ADULTS—TO REPLACE BATTERIES (Fig 2.)

- This product requires 3 AAA (LR03) batteries, not included.
1. Locate the battery compartment on the product. Use a small Phillips head screwdriver to loosen the screw, and remove the BATTERY COVER.
 2. Remove all old batteries.
 3. Place new batteries in compartment as shown
 4. Replace the battery cover and tighten screw.

FCC ID:2AB4XAMP10526

GMRS LICENSE:

USE OF THIS RADIO WITHIN THE UNITED STATES REQUIRES AN FCC GMRS LICENSE. AN INDIVIDUAL 18 YEARS OF AGE OR OLDER, WHO IS NOT A REPRESENTATIVE OF A FOREIGN GOVERNMENT, IS ELIGIBLE TO APPLY FOR A GMRS SYSTEM LICENSE. YOU WILL NEED TWO FORMS FROM THE FCC: FCC FORM 159, AND FCC FORM 605 (MAIN FORM AND SCHEDULE F). YOU CAN FIND THE FORMS ONLINE AT: [HTTP://WWW.FCC.GOV/FORMPAGE.HTML](http://www.fcc.gov/formpage.html), OR CALL 1-800-418-3676.

SAFETY INFORMATION

Your wireless hand-held portable transceiver contains a low power transmitter. When the PTT button is pushed (or the VOX mode is enable) it sends out radio frequency (RF) signals. The device is authorized to operate at a duty factor not to exceeds 50%. In August 1996, the Federal Communications Commissions (FCC) adopted RF exposure guidelines with safety levels for hand-held wireless devices.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Important:

To maintain compliance with the FCC's RF exposure guidelines hold the transmitter at least 1 inch (2.5 centimeters) from your face and speak in a normal voice, with the antenna pointed up and away.

Do not use your transceiver with a damaged antenna. Unauthorized antennas, modifications or attachments could damage the transmitter and may violate FCC regulations.

This device is supplied by power source of (3) three 1.5V AAA (LR03) batteries. Please remove the batteries if the device is not used for a long time.

WARNING!

Do not hold close to the ear. Misuse may damage hearing.
