Important Safety Instructions

Please heed all warnings, read and follow all instructions and keep these instructions handy for future reference.

1. Please exercise caution when in use as the mirror is made of glass.
2. Do not use this product near water.
3. Do not block any ventilation openings.
4. Heat – This product should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat.
5. Only use attachments/accessories specified by the manufacturer.
6. Damage Requiring Service – This product should be serviced by qualified service personnel when:
 - Objects have fallen into or liquid has been spilled into the enclosure.
 - The unit has been exposed to rain. The unit has been dropped or the enclosure damaged.
 - The unit exhibits a marked change in performance or does not operate normally.
7. No naked flame sources, such as lighted candles, should be placed on this product.
8. This product is suitable for use in tropical and/or moderate climates.

Warning:

- To reduce the risk of fire or electric shock, do not expose this product to rain or moisture.
- If the unit is to be unused for an extended period of time, such as a month or longer, **unplug the unit** before storage.
- Always use the supplied USB-C power cable.
- Sunlight: Never place the mirror in or expose the mirror to direct sunlight. The sun's rays can reflect to become focused and cause excessive heat and/or fire. Do not use mirror in direct sunlight as reflected sunlight could injure eyes. Improper use can result in potential fire hazards.

FCC ID: EMOIPCVBT19A
IC: 986B-IPCVBT19A
HVIN: iPCVBT19A

FCC Information

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

ISED Information

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF Information

This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment. This equipment is installed and operated with minimum distance 20cm between the radiator and human body.

Cet équipement est conforme aux limites d'exposition aux rayonnements FCC/IC établies pour un environnement non contrôlé. Cet équipement est installé et utilise à avec une distance minimale de 20cm entre le radiateur et le corps humain.
